

K-LOVE radio supplies programing 24 hours a day 7 days a week that I do not find vulger and offensive. Our radio at work plays K-LOVE exclusively and we do not know where we would turn if it were taken away. I find K-LOVEs message to be in line with that of the founding fathers of this Country as can be found by any one who cares to look in the Library of Congress. Most of the programing in this country and around the world is sliding ever faster into the filth and lies of the reasoning of those who control it. Please do not pull the plug and leave us in the dark. But then again radio is not the only place one may find illumination.
